

## Buy American Attestation

The Richard B. Russell National Lunch Act provides in Section 12 (n) the Buy American provision which requires that school's food authorities (SFAs) operating school meals programs purchase domestically produced (grown) and (processed foods), to the maximum extent practicable. The Buy American provision was codified in the National School Lunch Program regulations at 7 CFR 210.21 (d). A "domestic commodity or product" is defined in the Federal regulations as:

- (i) an agricultural commodity that is produced in the United States (U.S.); and
- (ii) a food product that is processed in the U.S., substantially using agricultural commodities that are produced in the U.S., 7 CFR 210.21(d).
